In a dark and deserted land
He's been lost for so many years
What is gone, may have never been
Lives a race of forgotten man
By his choice, he has disappeared
Another world, now he's fallen in

With a will never seen before
From a world that is closing in
All his dreams, how they've dissipated

Do we dare to unlock the door
As the end of this race begins
How he lives, all he feared

In his world there's so much to fear
All he wants is to be left free
His only want was to be left free
As he tries to hide
from the madness

There's no hope in hell
for tomorrow
won't live on

into my life, And took my heart away.

Now I find myself looking back, And I'm re-
a-liz-ing how You turned me inside out And left me with no doubt

On you're the only one The love I feel
in' my own tail

There's nothing left to fear As long as you are here

Oh you're the only one The love I feel
And you're the only one, it seems unreal.

Oh, you're the only one. I know, this love I feel.
And you're the only one. It seems unreal.

I can't explain the way I feel. I've waited so long.
For someone like you

With you, that's not an easy thing to do

Maybe it's time, don't tell me, don't tell me
